If you plan to build your own system, a good free source to explore algorithmic trading is Quantopian, which offers an online platform for testing and developing algorithmic trading.

The argument centres on whether cryptocurrencies should be classified as securities and the answer could have major ramifications for the way the world of digital assets operates going forward. This is because anything classed as a security is regulated in the US by the Securities and Exchange Commission (SEC) and in the UK by the Financial Conduct Authority (FCA).
