There is no such thing as a best Bitcoin broker per-say, as no-two platforms are the same. For example, while one broker might offer super-tight spreads and low commissions, it might not support your preferred payment method.

The argument centres on whether cryptocurrencies should be classified as securities and the answer could have major ramifications for the way the world of digital assets operates going forward. This is because anything classed as a security is regulated in the US by the Securities and Exchange Commission (SEC) and in the UK by the Financial Conduct Authority (FCA).
