A good software engineer would code it in a way you don't have to worry about leaving enough coin to pay for the fee. Basically you just enter \$3 you have in coins then the app calculates on its own to transfer only let say \$2.97 and keep \$0.03 as their pay. It is a junk software. A good merchant would make it easy for their customers.

"The Warner Bros. movies and TV shows will likely be just the beginning of Plex's ad-supported content, as the company plans on working with additional media partners to expand its catalog. So while the main draw of the app will still be the ability to stream a personal media library, it may eventually become a centralized app for on-demand content across networks."
