Orders placed via our ActiveTrader interface (each, an Order) are subject to the rates on this schedule. Gemini utilizes a maker-taker fee model for determining trading fees for all Orders. Liquidity-making Orders are charged different fees than liquidity-taking Orders. If you place an Order that is filled immediately, this Order takes liquidity from the marketplace and, therefore, you are considered a taker and will be charged a taker fee.

Your long-term crypto investment involves maintaining it for a period based on your investing goals. Typically, long-term investors hold their investments for several years or decades to grow their returns. So, if you believe blockchain-based technology will explode in the future, investing in crypto for the long term can be a great option.
