Copy trading is a sub-category of social trading however the services offered by social trading and copy trading networks differ in several key aspects. Social trading is a general classification of a type of trading technique, whereas copy trading refers to those platforms that allow traders to automatically copy the trading signals of other investors and create a portfolio of traders.

To know the schedule of market trading hours is also useful because currencies behave differently according to different trading sessions. For instance, the yen usually wakes up and starts to move actively during the Asian session, while the euro is more active during the European session.
