Blockchains ledger technology has the ability to completely upend the media and social media industries. Blockchain is currently being used to disseminate royalty payments for music, movies and streaming services, and as a means to stop the spread of fake news across social media by identifying a single source of truth.

Crypto arbitrage helps traders take advantage of the price difference by buying cryptocurrency from one exchange and selling it on another immediately. Cryptocurrency trading is quite difficult, and there are several risks involved, mainly due to the volatility of the crypto market. You never know when the prices may soar or dropdown.
