IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .

Crypto arbitrage is a form of trading that involves simultaneously buying and selling cryptocurrencies from different exchanges. Arbitrage traders make profit from crypto price differences between exchanges. This involves buying assets for the lowest price available and selling for the highest. The process of arbitrage trading usually gives relatively small returns on each trade. Also, traders must place their orders extremely fast in order to have advantage among other players.
