Crypto arbitrage is a form of trading that involves simultaneously buying and selling cryptocurrencies from different exchanges. Arbitrage traders make profit from crypto price differences between exchanges. This involves buying assets for the lowest price available and selling for the highest. The process of arbitrage trading usually gives relatively small returns on each trade. Also, traders must place their orders extremely fast in order to have advantage among other players.

Does Binance report to the IRS? Binance, a Malta-based company, is one of the most popular crypto exchanges in the world. However, it is no longer serving U.S.-based traders, so Binance does not report to the IRS. instead, it operates a separate site for Americans traders: Binance.US. Nevertheless, U.S. traders should absolutely include original Binance.com records in their crypto capital gains and capital loss tax calculations.

Verification problems. Binance.com. Request # 6792460. i have funds sitting in binance for a couple of years. Was they were going to stop servicing US, but I wouldnt have a problem moving it when ready. I have been dealing with their bot email request for over a month complying to every request and getting no where.

Generally this process can be completed in a few minutes, though in some cases verification may take a few business days. Please allow us time to review your application. Please do not file multiple support tickets as this will not speed up the verification process and could potentially delay verification. See you soon on Binance.US!
