Crypto margin trading is a trading practice that allows traders to gain greater exposure to a specific asset by borrowing capital from other traders on an exchange or the exchange itself. . A margin trader that opens a trade with 100X leverage , for example, will multiply their exposure and potential profit by 100 times.

IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .
