In my opinion, Coinbase stock seems to be directly tied to the crypto market at large. They went public and crypto started crashing. As far as if they are terrible company or not, I think complaints in a subreddit wouldnt be a good way to gauge something. Pretty much every crypto company subreddit has complaints in it.

IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .
