Futures contracts on Binance are intuitively designed and easy to use, making them ideal for beginners. A key benefit of futures contracts, particularly the USD-margined contracts, is that you can easily calculate their returns in fiat. For example, when you make 500 USDT in profit, you can easily estimate that the profit is worth approximately \$500 - since the value of 1 USDT is pegged closely to 1 USD.

Binance must pay these fees to miners to ensure that transactions are processed. Since transaction fees are dynamic, you will be charged according to the current network conditions. The fee amount is based on an estimate of the network transaction fees and can fluctuate without notice due to factors such as network congestion. Please check the most updated fee listed on each withdrawal page.
