Another way to invest in a penny cryptocurrency is to invest in one with high-volume and low volatility. A

coin with a high 24-hour volume is better than a coin that is only traded a few times a day. If you don't have the time to do this, consider hiring a financial crypto advisor and testing a few coins before investing your entire money.

Coinbase offers 2-step verification, known also as 2-factor (2FA) or multifactor authentication, as an added security layer in addition to your username and password. With 2-step verification enabled on your account, you'll need to provide a unique verification code sent to your phone in addition to your username and password.
