InstaSwap is a non-custodial crypto exchange service based in Europe. The platform supports a wide range of currencies, both digital and fiat. It claims to offer some of the best market exchange rates and carry out transactions in 10 to 30 minutes. The fees for each transaction start at 0.25%.

The Binance Broker Program has delivered mutual growth to both Binance and our broker partners. We are able to provide different growth scenarios to a variety of partners, including crypto data tracking companies, exchanges, asset management services, and even traditional financial services.

Binance launched the Binance Broker Partner Program, with the initial recruitment of 100 broker partners that provide digital asset trading services for global users via API. As part of this program, Binance provides our broker partners with order matching services, account management, and settlement systems.

The Binance Broker program works with many kinds of businesses, including exchanges, trading bots, trading aggregators, digital wallets, trending software solutions, financial management custodians, payment channels, and more. We have also started offering the Binance Widget as a brokerage solution for more online platforms. Flexibility.

Opposed to a custodial exchange that requires control of your funds, a non-custodial exchange allows you to trade without handing over your funds to a third-party and the ability to maintain control over your private keys. If you are the only person with access to your private keys, only you can choose what happens with your funds, and this is one of the reasons non-custodial exchanges can be extremely secure to use.
