Double Bottom. A double bottom pattern is a bullish version of a double top. It's worth noting that both bottom prices don't need to line up perfectly, and wicks are frequently ignored when it's convenient. When looking at a candlestick chart, a wick is a brief price anomaly, and can often be safely omitted when charting price patterns.

This API lets brokers build a bridge to connect their backend systems to the TradingView interface, so that broker partners then can be supported on the TradingView Web Platform. The integration is very straightforward. The broker builds a REST Web API on its own servers based on our specification so that it can be connected to TradingView. TradingView provides a sandbox and required technical assistance to get your TradingView Web Platform integration started.
