Good risk management. On a \$1,000 account your risk lot size was .26 and you split it in two with two .13 positions. 2. You were patient today and more calm than normal. You liked the feeling of that. 3. You were confident in your trade. Remember confidence is key. You know what your doing you just have to be consistent, patient, and not.

Decentralized exchange or DEX is a cryptocurrency exchange market or platform that operates independently without any central authority or third-party intervention for holding or transfer of customers funds. Peer to peer or P2P transactions occur between interested parties directly through an exchange of crypto assets or cryptocurrencies. All these transactions take place through a decentralized escrow account and smart contracts.
