Coinbase lied to me when saying they got request from me but they could not to prove it so far. For your information: if someone is stealing your money, he will never send any request because to get approval he must verify his location, 2FA phone, send a link for a LinkedIn account, send a Bank Statement and it takes about 2-4 days. I asked Coinbase send me all verifications for that request, but they could not provide me with any.

Interactive Brokers provides direct access via its Trader WorkStation platform that connects day traders to stock markets. Interactive Brokers has API solutions for clients that want to build their own systems. Traders have unprecedented control over their orders, thanks to IBs advanced order routing and Level II market data.

A trading similar is essentially a copy of the stock market on a virtual trading platform. These virtual platforms provide market data like you would generally see in your active trading account. But theres one big difference. In your active trading account, your trades are made using your money. So, when you lose, you lose real money.
