The international money market's major responsibility is to handle the currency trading between the countries. This process of trading a country's currency with another one is also known as forex trading. Unlike share markets, the international money market sees very large funds transfer. The players of the market are not individuals; they are very big financial institutions.

Why is Stellar Lumen (XLM) relatively unpopular? FINANCE. Out of all tokens, XLM is one of the most well-rounded coins. It has basically zero transaction cost (a fraction of a cent), decent TPS (>3000), transactions are almost instant, is very decentralized in nature and most of all: it is entirely open-source and made by a non-profit organization.
