I'm transferring from a US bank and Coinbase/GDAX is another US bank (in California) All transfers were made throughout the day, time doesn't matter. Treat any federal holiday as if it's a weekend. Wire deposit to Coinbase/GDAX took less than 2 hours (likely faster since I wasn't sure exactly when my bank sent the wire) Transfer amount doesn't matter. These have been my results as I noticed by my own transfers plus I ran a few dozen tests at various times.

If it is a bank wire it shouldn't take several days but rather just 1 business day. I think you meant to say a bank ACH transfer which would take 3-5 business days. No there is not a way around it if you are doing ACH transfers. People don't understand that the hold of 3-5 days is to prevent fraud since crypto is not reversible.
