In order to connect your bot to Coinbase Pro, you need an API key. Think of an API key as a bridge between Cynthopopper and the exchange, which allows your bot to do things like place automated orders and read your balance for its calculations. Step one. Go to the exchange website, and create an account if you haven't already. Step two. After you have logged in successfully, click on your name in the top right corner, and click "API";.
