Solana aims to improve blockchain scalability by using a combination of proof of stake consensus and so-called proof of history. As a result, Solana claims to be able to support 50,000 transactions per second without sacrificing decentralization. SOL is not yet available on Coinbase.com or via our Consumer mobile apps. We will make a separate announcement if and when this support is added.

CEX.io stands as one of the safest and most reputable crypto exchanges. While their fees might not be as low as those of Poloniex, for example, the platform surely ticks the best part of our criteria. They also have fantastic customer support and take security issues very seriously which lands CEX.io a spot on this list.
