In 2022, investors need to keep their fingers on the pulse and invest in both HYIPs and promising coins. In this digital world, there are no guarantees that this or that coin will take off by 1000% and bring big returns. So invest only in cryptocurrencies with funds that you know will not affect your well-being.

Coinbase Pro as the name suggests is a much more professional trading platform delivering significantly more information and flexibility in buy and sell options vs Coinbase. The range of options is both its strength and weakness, since it gives a significant amount of flexibility and lower to no fees but that comes at the cost of complexity.
