Binance. Image: Shutterstock. Binance, the worlds largest cryptocurrency exchange, today announced it had suspended euro bank deposits from the Single Euro Payments Area (SEPA), the EUs payment network, according to reports. European users of the crypto exchange have received an email saying that customers could no longer deposit cash through SEPA, the Financial Times reported.

This as the banks claim that there has been a huge surge in complaints of scams done via Binance. If it is from people who actually had a account on Binance and lost money on crypto trading or people where money was taken from their account and deposited on Binance while they had never used Binance themself, is unclear. 1 level 1 _JGtm 1.3k · 4m
