Double Bottom. A double bottom pattern is a bullish version of a double top. It's worth noting that both bottom prices don't need to line up perfectly, and wicks are frequently ignored when it's convenient. When looking at a candlestick chart, a wick is a brief price anomaly, and can often be safely omitted when charting price patterns.

Opposed to a custodial exchange that requires control of your funds, a non-custodial exchange allows you to trade without handing over your funds to a third-party and the ability to maintain control over your private keys. If you are the only person with access to your private keys, only you can choose what happens with your funds, and this is one of the reasons non-custodial exchanges can be extremely secure to use.
