In my opinion, Coinbase stock seems to be directly tied to the crypto market at large. They went public and crypto started crashing. As far as if they are terrible company or not, I think complaints in a subreddit wouldnt be a good way to gauge something. Pretty much every crypto company subreddit has complaints in it.

Your long-term crypto investment involves maintaining it for a period based on your investing goals. Typically, long-term investors hold their investments for several years or decades to grow their returns. So, if you believe blockchain-based technology will explode in the future, investing in crypto for the long term can be a great option.
