The Bee Network is a cryptocurrency or token that you can earn using your phone. It sounds simple and, with digital currencies being more popular than ever at the moment, it could have huge potential. There are now over 8 million people mining it on their mobile devices! But if youre wondering if the Bee Network is legit, youre not alone.

To illustrate, the calculation of the Bee Network crypto total supply is: $Bee = M + R + V + C$. M, R, and V specifically refer to the total Bee tokens earned by all miners, referrers, and verifiers before the Bee supply distribution stops. While C refers to Bee rewarded to the Bee Networks core development team, which is 25% of (M + R + V).
