Storjs is noble and good, but unfortunately, it is facing very stiff competition, and it is probably a major reason why its price is expected to struggle in the next few years. Apart from traditional competition from the likes of Google and Amazon, Storj also faces competition from the crypto market, namely Siacoin and especially Filecoin.

Chinese investors in bitcoin and other digital tokens say they are continuing to trade their virtual currencies overseas as Binance and Huobi end support for purchases in yuan.
