To summarise, cryptocurrency trading basics are relatively simple. Just as every culture has its own favorite drink, they like to consume it in different ways. A good place to start is to purchase Bitcoin first as an investment (at market rates) so that you can buy into other cryptocurrencies later if this field interests you after

the first purchase.

How Do I Choose A Cryptocurrency? When choosing a cryptocurrency, there are several key factors to take into consideration. These include the size of the community, the amount of support it receives, and the trading volume. The easiest way to find out if a cryptocurrency is worth investing in is to search for its name on Google Trends.

KuCoin Token price is favorably positioned between support and resistance. With support set around \$20.41 and resistance at \$21.55, has some room to run before facing resistance. KuCoin Token has traded on low volume recently. This means that today's volume is below its average volume over the past seven days.
