To summarise, cryptocurrency trading basics are relatively simple. Just as every culture has its own favorite drink, they like to consume it in different ways. A good place to start is to purchase Bitcoin first as an investment (at market rates) so that you can buy into other cryptocurrencies later if this field interests you after the first purchase.

Investors can trade almost any currency in the world through foreign exchange (forex). In order to make money in forex, you should be aware that you are taking on a speculative risk. In essence,

IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .
