Cryptocurrency has been making waves for some time now, but in recent history its gained even more traction than before. Even though its become a very popular topic, the fact remains that so many people feel that its altogether inaccessible perhaps because it seems like its too nebulous, too complicated or too risky an investing choice in which to participate.

Those markets will generally continue to be available to Bittrex International customers. Currently, Bittrex International features 200+ tokens and coins for non-U.S. customers and we anticipate that we will continue to add innovative blockchain projects to Bittrex International in the future.

Per WalletInvestor's Dash crypto price prediction, Dash is not the best option for long term investment, but it's quite good. While they don't expect its price to go significantly higher, they predict that it'll take out the immediate high at \$400 in 2022 and that Dash's future price will increase to over \$500 in 2026.

Coinbase is known for not allowing people to log on if there's heavy volatility and suspending the stop loss orders due to "technical difficulties". But the liquidations work fine. Which is outrageous. Now they have suspended stop losses overall. Not sure how anyone with a common sense would use leverage there.
