Heres how you can lend your crypto. All set to start lending your crypto to add an extra stream of revenue and grow your assets? You can do that in multiple ways. But choosing the way that best fits your needs will make your life easier. Decentralized protocols such as Compound or Aave will lend your crypto for a set interest rate. Once there, you can transfer the crypto you want to lend and wait for it to generate interest for you.

Salt is one of the best-known crypto lending platforms available today. The platform lets you use crypto as collateral to secure a loan ranging from \$5,000 to \$25 million. This unique lending system serves as a convenient source of capital for those whose projects would otherwise be turned away by banks and other prospective investors.

Lend crypto to passively make money from assets that you're not currently using. As a lender, you can gain money through interest on your crypto - perfect for earning passive income on assets you're hodling. You can also participate in lending economies as a borrower. This lets you take out a leverage position on your crypto holdings or gain short-term liquidity.

Ledn Financial services for hodlers of digital assets

Crypto exchange business is regulated to some extent in most of the EU countries due to AML 5th directive, which means that eventually it will be regulated in all countries. When setting up, make sure you are informed about the regime in your jurisdiction as no one will open an account for a regulated business without a license.
