1. Sign in to your Coinbase account using your email address and password. 2. When prompted for your 2-step verification code, select I need help > I cant access my authenticator app anymore. 4. Follow the rest of the instructions to complete the process (a government-issued ID is required for completion).

Navigate to the Security Settings page. Under the Other Options section, select the Select button in the Authenticator App box. Follow the prompts to complete your authenticator setup. Follow this important tip for a successful TOTP authenticator setup: Sign in to your Coinbase account on your desktop browser (not mobile web browser) as your TOTP authenticator requires your mobile device to complete verification.
