Introducing the BTBS token. The BitBase ecosystem provides a diverse range of products and services that increase the utility of cryptocurrency. However, before participating in the complete ecosystem, participants must first purchase their BTBS token. The token serves numerous roles within the ecosystem and can be used by holders via the BitBase App. BTBS is also the central location for all BitBase financial activity and will

serve as the foundation for BitBases economy.

Coinbase Pro is the rebranded version of what used to be GDAX. You can still use it as a wallet or for trading purposes, so there are very few differences between the two platforms other than their branding and user interface. The one main difference I see is that Coinbase Pro offers 3x margin trading while Coinbase does not.
