Coinbase lied to me when saying they got request from me but they could not to prove it so far. For your information: if someone is stealing your money, he will never send any request because to get approval he must verify his location, 2FA phone, send a link for a LinkedIn account, send a Bank Statement and it takes about 2-4 days. I asked Coinbase send me all verifications for that request, but they could not provide me with any.

Coinbase stole my money. I recently made my first purchase of BTC via my Coinbase account. I then downloaded the Coinbase wallet to my phone. Moving averages are among the most popular Songbird price prediction tools. As the name suggests, a moving average provides the average closing price for SGB over a selected time period. For example, a 12-day simple moving average for SGB is a sum of SGBs closing prices over the last 12 days which is then divided by 12.

What you need to do then is to connect your Ledger Nano, run the Fido U2F app (logo is id) and confirm the action on your device: When it's done, you can simply give a name to your security device. Binance restrictions on the name of the security key are not clear enough but basically you can't use anything except the standard alphabet characters (no spaces, no punctuation, no symbols, etc).
