The Fidelity trading platform and tools rank among the top three of our surveyed brokers. This downloadable trading platform is a complete solution for new-to-experienced traders and investors,.

Opposed to a custodial exchange that requires control of your funds, a non-custodial exchange allows you to trade without handing over your funds to a third-party and the ability to maintain control over your private keys. If you are the only person with access to your private keys, only you can choose what happens with your funds, and this is one of the reasons non-custodial exchanges can be extremely secure to use.
