Token values not updating Anyone else experiencing issues with coinbase wallet, where token values arent updating according to market prices? Specifically, Ive got some matic in my wallet and it has been stuck at the same value for a week or more.

This is a major hit as the Uniswap V3 update claimed to provide a seamless trade but turned out to be a total disappointment as it is not working with Coinbase anymore. This issue has only appeared after the latest update, things were in flow with the old version. There appears to be no solution or address from any of the supports at this .
