Decentralized exchange or DEX is a cryptocurrency exchange market or platform that operates independently without any central authority or third-party intervention for holding or transfer of customers funds. Peer to peer or P2P transactions occur between interested parties directly through an exchange of crypto assets or cryptocurrencies. All these transactions take place through a decentralized escrow account and smart contracts.

WEX Cryptocurrency Exchange. Please note that all the crypto markets are presented for rates information only. We do not recommend any of the markets in the rating for any kind of exchange. They are presented in a separate section only for comparing current exchange prices. Unlike of exchangers services we do not have partnership agreements with the markets and all the feedback on our website is for users and information needs.
