CFX Quantum

Orders placed via our ActiveTrader interface (each, an Order) are subject to the rates on this schedule. Gemini utilizes a maker-taker fee model for determining trading fees for all Orders. Liquidity-making Orders are charged different fees than liquidity-taking Orders. If you place an Order that is filled immediately, this Order takes liquidity from the marketplace and, therefore, you are considered a taker and will be charged a taker fee. As a licensed exchange, BitBay has to follow the market standards. Compliance with market standards and regulations allows us to provide our clients with legal security and convenience of using the exchange, with the participation of a friendly banking system and the availability of payment operators, BitBay added.

Gemini Active Trader is a trading platform where you can create buy and sell orders when you want to trade crypto. You are able to execute continuous, auction and block trades on this platform. The trading platform can look really overwhelming if its the first time youre using it.

Click "Install thinkorswim" above to automatically select the installer appropriate for your operating system and click 'Run'. The download may take anywhere from a couple of minutes to half an hour depending upon the speed of your Internet connection.
