The wallet you get with a basic account is also a Coinbase wallet, even though it is not called that. That is de facto because you get a wallet with the basic account whether or not you ever get the app. If you don't get the app, then the only "coinbase wallet" you have is the one on coinbase.com. This differentiation is bullshit.

Follow the step-by-step manner to verify your Binance account. Step1 (Verification Process) Log in to your account on the website, and direct to the users account option. The option will be top right on your navigation bar. Under the users account option, the second option will be verification. Click on it.
