You can earn the new token over a set period, usually 30 days. We often open trading of the token on the 7th

day of farming, at which point you can immediately trade any tokens you have earned. The tokens you earn are calculated hourly, and you can harvest your pending rewards at any time. Basically, you get to accumulate a brand new coin, prior to (and after) a guaranteed listing on Binance.com, for free.

Binance is a crypto-to-crypto exchange. This means that users can only use it to trade cryptocurrencies. If you don't already own some cryptocurrency, then you'll need to buy some before you can start trading with Binance. I suggest using an exchange that offers fiat currency trading like Coinmama, CEX.IO or Coinbase.

About the Octans cryptocurrency forecast. As of 2021 November 23, Tuesday current price of OCTA is \$0.000001 and our data indicates that the asset price has been in an uptrend for the past 1 year (or since its inception). Octans has been showing a rising tendency so we believe that similar market segments were very popular in the given time frame.
