KYC News. Know your customer or KYC is a process of identifying and verifying identities of customers by businesses. KYC has its advantages as it can help with fighting the funding of terrorism and money laundering. However, complications within the crypto-market may slow down its development.

Know Your Customer (KYC), or sometimes referred to as Know Your Client, is a process by which a business or agency verifies the identity of its clients. The process is mandatory for banks, lenders, insurance providers, and other financial and monetary companies of all sizes. KYC is a data-driven process that allows companies to ensure that their customers are who they claim to be, to ascertain the suitability of a customer for their services, and to avoid any malicious or criminal activity .

Centralized crypto is somewhere between decentralized crypto and the traditional system, but it is the worst of both worlds. Centralized crypto is not immutable (transactions can be reversed, look at ETC), it's not trustless and it's not censorship resistant which are the most important benefits of a decentralized blockchain.
