TradingView is not a broker but rather a charting platform showing you the world wide access to market data under the form of charts. I must say it is one of the best and most seamless charting platform I have ever seen. You can also make an account there and customize the chart to apply your method of analysis.

Just start your MetaTrader 4 or MetaTrader 5, open required charts and symbols, launch indicators and Experts, specify the terminal settings and you are ready for automated trading. Now all you need to do is to rent a virtual server from your MetaTrader and perform migration. Renting a server is very easy and managing it does not take any effort.
