The most popular and easy-to-set-up crypto wallet is a hosted wallet. When you buy crypto using an app like Coinbase, your crypto is automatically held in a hosted wallet. Its called hosted because a third party keeps your crypto for you, similar to how a bank keeps your money in a checking or savings account. You may have heard of people losing their keys or losing their USB wallet but with a hosted wallet you dont have to worry about any of that.

Digital wallets allow users to send and receive digital currency, as well as to monitor their balance. Most coins have an official wallet, e.g. Bitcoin or Ethereum. Alternatively, they recommend third-party wallets. Bitcoin is the most popular digital currency, hence there are dozens of wallets that offer services just for this currency.
