If you are a ninja-trader, you could try marginal trading at Huobi. With marginal trading, you take a loan from Huobi, providing collateral. Say, you give 0.1 BTC to exchange, it gives you 0.5 BTC, you make a trade and multiply your profits many times. It's a really awesome tool, but it bears the highest risk. So it would help if you were a trading expert with many years of successful trades to utilize this option.

"The Warner Bros. movies and TV shows will likely be just the beginning of Plexs ad-supported content, as the company plans on working with additional media partners to expand its catalog. So while the main draw of the app will still be the ability to stream a personal media library, it may eventually become a centralized app for on-demand content across networks."
